

TO WHOM IT MAY CONCERN

In December 2006 my wife and I purchased a Suzuki Swift Sport motor car from Motorzone Pte Ltd. We were serviced by Keith Kang, whom we selected at random after perusing the newspaper advertisements. When I first spoke to Keith to enquire about the purchase of the car, he struck me as an accommodating, pleasant and polite salesperson. As first impressions go, we were certainly not disappointed, as he more than measured up to our expectations. We found him to be sincere, honest and truthful in negotiating the purchase of the car. He kept to his promises and delivered the car to us within the timelines he projected. We also found his sense of humor very refreshing for a salesperson. We wish him all the very best in his endeavors.
